

## **Sree Narayana College Kannur**

### **Institutional Best Practices-2018-19**

1. 'Urja Kiran' is an energy conservation and awareness programme where people of three panchayats of Kannur District were given awareness classes on energy conservation and were also taught to manufacture LED bulbs.
2. Disaster Management: Students collected money and commodities worth around rupees one lakh thirty thousand and handed it over directly to the victims at Ambayathode U.P. school.
3. Organic farming was taken up by NSS students and vegetables were sold to the staff and students. A record 253 kilos of tapioca were cultivated in the campus along with banana, tomatoes, chilly, cabbage, Amaranthus, okra and cauliflower.
4. Around Rs. 80,000 were collected to assist two students and a parent of a student in their medical treatment. NSS students sold home cooked food items for two days under a project called "Koottu" (together) to collect Rs.20000.
5. The hospitals In Kannur district has to just make a phone call and the student with the required blood group is immediately sent to the blood collecting center.
6. Women of Samajvady colony (a slum area near the college) were given an awareness class on menstrual hygiene.
7. A kite fest was organised in association with "Helping Hand Organisation" for the physically challenged and the aged.
8. White cane day was celebrated in association with Lion`s Club.
9. Cancer Awareness Rally was organized.
10. The staff of the college donated Rs. 4,11,341 as the first installment to the chief Minister`s Relief fund.
